Appliance Outlet

5-26-18

By Robert Ehrig

This week we got a Beko shipment. Reasonably priced professional looking product.

I also put together some sets that I priced specifically to sell as a group.

These need to stay in the set to get the price

They are all very nice looking and in good condition. (maybe slight blems)

But hey, that why the great pricing for these high quality groupings.

American Range 36" 6 burners are back in stock too.

Thanks again, *Robert Ehrig*
