Black Friday Edition

11-24-18

Well, the end of the year is upon us again.

I struggle every year trying to entice you to come shop here this weekend.

So I have used my red marker on several items,

to see if we can find homes for these lovely appliances.

And if that's not enough, buy the red marked downed items this Friday or Saturday,

and we will pay the tax.

Enticing enough ???

I hope so, and we will see you this weekend.
