Appliance Outlet

5-11-19

By Robert Ehrig

This week we are getting Fagor. Some very European style and sizes.

All brand new and in boxes.

These are on the smaller sizes, but can be retrofitted in a lot of these older homes.

Without redoing the cabinets and such.

I will show all, but have put together some packages at amazing prices.

We also still have a good chunk of the Viking product from last week.

With Mothers Day coming up,

wouldn't it be nice to surprise her with some new appliances?
