Appliance Outlet

6-19-21

By Robert Ehrig

So. . . The heat is on and the masks are off.

Not sure how I feel about either. We just need to take care of each other.

Our next big shipment will most likely be next week.

Meanwhile this week we will see Fisher Paykel and Miele trickle in.

Ranges, dishwashers and fridges.

I will highlight some of the cool and obviously forgotten items.

And will mention what I know is coming later.

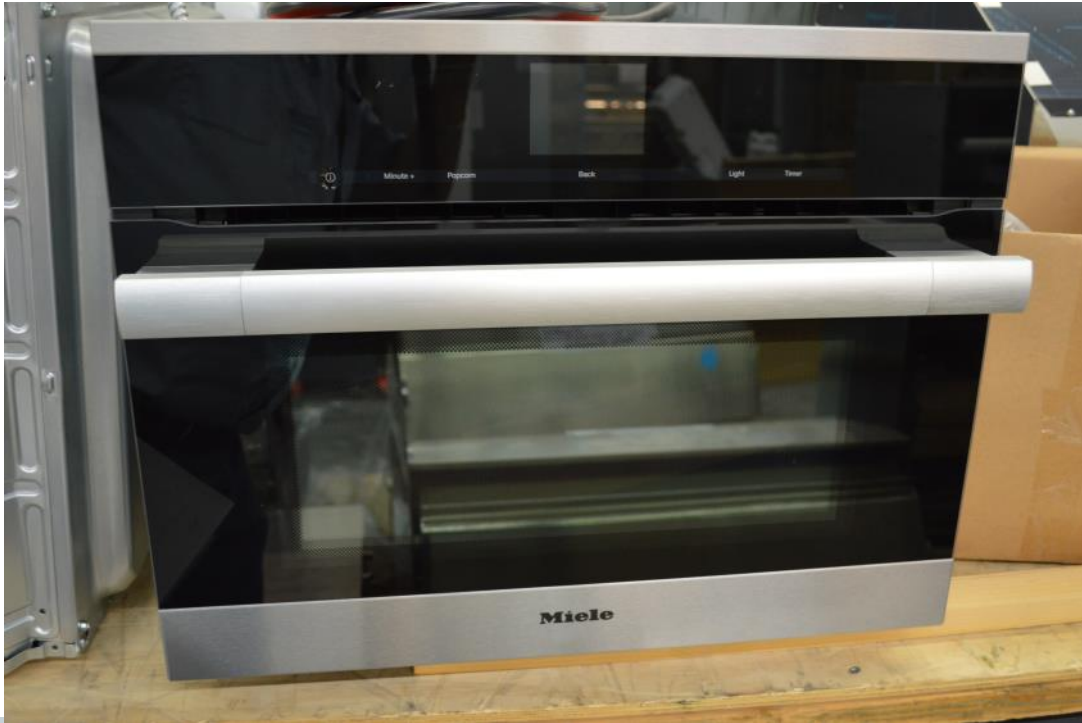

Thanks for accepting my weekly newsletters,

Robert Ehrig
