This week we are suppose to get a large Miele shipment.

And next week more Miele. So, if you want Miele, good weeks to shop.

Since it hasn't shown yet, I put together some sets.

These have special pricing if you keep them as is.

And for those who know me, I picked out some nice stuff to "set up".

Also, if there is something in the set's you want, let me know.

Thanks for accepting these newsletters,
